SUMMARY

2 Year Experienced Front-End Developer with expertise in Angular, TypeScript, and building user-focused, scalable, data-driven applications. Worked on 10 admin-side and 3 client-side applications for Aldagi and its subsidiary companies, improving and creating new UIs using Angular Material, Bootstrap, and Tailwind. Also responsible for fixing bugs, creating entirely new projects, and deploying them to production. Committed to building intuitive data visualizations that enhance decision-making for large-scale clients.

SKILLS & TECHNOLOGIES

- Languages & Frameworks: Angular, TypeScript, JavaScript, RxJS, NgRX
- Styling & UI: SCSS, CSS, HTML, Angular Material, Tailwind, Bootstrap
- Tools & Practices: Git, CI/CD, RESTful API, Keycloak
- Work Methodologies: SCRUM, Kanban, Agile

WORK EXPERIENCE

Aldagi 2023 - Present
Front-End Angular Developer

- Developed multiple admin-side modules for Greenway, including full CRUD for vehicle data used by staff.
- Built a dynamic vehicle insurance calculator with editable tables for internal users.
- Designed and delivered a standalone Angular app for real estate insurance calculations.
- Led frontend development of Aldagi's commission calculator for accurate breakdowns.
- Created responsive, user-friendly UIs aligned with design guidelines.
- Implemented a reusable refresh token service for secure authentication across apps.
- Customized Keycloak themes to match company branding and UX standards.
- Collaborated with backend, UI/UX, and QA teams to deliver high-quality features.
- Participated in Agile workflows utilizing both Scrum and Kanban methodologies, depending on project requirements.

  Technologies I used:

  Angular, TypeScript, RxJS, RESTful API, Git, CI/CD, HTML, CSS, SCSS, Angular Material, Keycloak

NoneFace (startup) 2023 - 2024
Front-End Angular Developer | UX/UI Designer

- Developed the entire application using Angular, independently addressing and resolving all development challenges.
- Designed the complete UX/UI of the application in Figma, ensuring an intuitive and user-centered interface.

  Technologies I used:

  Angular, TypeScript,, RESTful API, Git, CI/CD, HTML, CSS, SCSS, Tailwind, Figma

CLIENT-SIDE PROJECTS

- travel.aldagi.ge
- onlinemezobloba.aldagi.ge
- onlinetravel.aldagi.ge

LANGUAGES

- English (Advanced)
- Russian (Advanced)
- Georgian (native)
- Greek (beginner)

EDUCATION

Business and Technology University (BTU) 2020-2024
Bachelor's degree Informational technologies

IT Step Academy 2022-2023
Front-End Web Programming Program
